### **American Empire and the Political Economy of Global**

In a lively critique of how international and comparative political economy misjudge the relationship between global markets and states, this book demonstrates the central place of the American state in today's world of globalized finance. The contributors set aside traditional emphases on military intervention, looking instead to economics.

### **American Empire and the Political Economy of Global**

Everything is harnessed in the service of global Finanzkapital. Also, as editors (this book is a collection of articles besides those by the author-editors), Panitch and Konings have assembled a team here that is as incisive as these two team leaders are. The book is a simple, clear expose of the imperial political economy of the contemporary world.
