Florian Stehbeck received the BVL Thesis Award 2018. Once a year, the Bundesvereinigung Logistik e.V. (BVL) honors young scientists for their excellent theses in the fields of logistics and supply chain management with a strong practical focus.

Logistics, Inventory Control, and Supply Chain Management

Logistics, Inventory Control, and Supply Chain Management by Frank Dooley. Many argue that the focus point (and perhaps the linch-pin) of successful supply chain management is inventories and inventory control. So how do food and agribusiness companies manage their inventories? What factors drive inventory costs? When might it make sense to keep larger inventories? Why were food companies
